FORKLIFT NARROW AISLE

CONTESTANT# _____

PROCEDURE:

The operator enters the aisle with a loaded pallet (with forks approx 3 inches high) and proceeds to the end of the aisle. The operator will set the pallet as close to the back barrier as possible without hitting it. The operator will then back up clearing the forks from the pallet. This will be the indication that the judge can take a measurement. The judge will signal the contestant that the measurement is complete. The operator will then move forward, pick up the pallet and back out of the aisle and return the start position.

NOTE: The aisle will be 3 inches wider than the widest part of the forklift

SCORING:

1 to 3 inches	100 points
4 to 6 inches	90 points
7 to 9 inches	80 points
10 to 12 inches	70 points
Over 12 inches	50 points
Hitting back barrier	-50 points
<hr/>	
Navigating the aisle without hitting the sides	100 points
Each time side barrier is hit	-10 points

TOTAL POINTS _____
Possible 200

Judge# _____

FORKLIFT BULLSEYE

CONTESTANT# _____

PROCEDURE:

Pallets will be stacked with a designated target pallet. The operator will start approx. 20 feet from the target pallets. The operator will raise the forks to a height that he/she feels will allow the forks to enter the highlighted pallet without the forks touching any portion of the pallet.

NOTE: No height adjustment can be made once the operator crosses the start line

SCORING:

Forks entering target pallet without touching	100 points
Touching any part of the target pallet	90 points
Touching pallets above or below target	50 points
Making a height adjustment after crossing start	0 points

TOTAL POINTS _____

Judge# _____

FORKLIFT TIGHT QUARTERS

CONTESTANT# _____

PROCEDURE:

The operator will attempt to negotiate the barricades (without a load) in one motion, first going forward and then in reverse.

NOTE: No height adjustment can be made once the operator crosses the start line

SCORING:

Successfully maneuvering the course (forward)	100 points
Each back up after starting thru the barricades	- 20 points
Successfully maneuvering the course (reverse)	100 points
Each pull-up after starting thru the barricades	- 20 points
Hitting a barricade	- 20 points

TOTAL POINTS _____
Possible 200

Judge# _____
